Poland

## SUMMARY

I possess a deep understanding of the SDLC and a wide range of testing techniques, including functional, regression, UI/UX, and exploratory testing. I excel at writing detailed test cases and plans, as well as documenting defects.

My skills include Test Analysis, Bug Detection, Defect isolation, and Report generation. With strong critical thinking and analytical abilities, I effectively identify and debug application defects to ensure product quality and reliability. I am a confident user of various testing tools and technologies like Postman, Charles, JIRA, Linux Terminal, etc.

## HARD SKILLS

Postman (collections, environment, tests)

DevTools

Linux Terminal

Git

Android Studio

DBeaver (basic SQL)

Charles / Fiddler

## LANGUAGE

Russian native language

Ukrainian native language

Polish intermediate

English intermediate

## EDUCATION

Jan 2023 - Jul 2023

Author's course by Vadim Ksendzov  
«Software Testing»

Jan 2023 - Jul 2023

Stormnet Technologies "Software  
Testing Course"

2006 - 2008

Kherson State University

Physics and technology of materials and  
components of electronic equipment

## WORK EXPERIENCE

Feb 2023- Present

QA Engineer, ITX Company

- Conducted web and mobile testing, including smoke testing, regression testing, re-tests, UI/UX testing, localization testing, ad-hoc testing, and exploratory testing.
- Created, maintained, and executed checklists, test cases, and bug reports.
- Analyzed the root causes of defects and their localization.
- Conducted compatibility testing in various browsers such as Chrome, IE, Firefox, and Opera.
- Maintained regular communication with the team and provided test reports.

May 2022 - Present

Tester, Freelance

- Created checklists for smoke, critical path, and regression testing of applications.
- Conducted web and mobile application testing, specifically for Android applications.
- Provided bug reports.
- Performed Rest API testing using Postman, using Swagger API documentation
- Executed cross-browser and cross-platform testing.
